

START YOUR GRAD JOURNEY WITH ENGENY

All grads are different & we love that! At Engeny, we co-create your grad experience with you. So if you are keen to deep dive into one discipline, or are interested in multiple disciplines, projects, sectors, clients, &/or Australia-wide locations, we work with you to set you up for success.

WHY ENGENY

- **Supportive and exciting team culture** with performance-based rewards.
- Inter-discipline and inter-office **collaboration**.
- Have a seat at the table with genuine input into **business strategies and outcomes**.
- **Diverse and inclusive environment** where flexibility & difference is embraced.
- Secure workload where we choose to partner with fantastic clients to deliver **exciting projects**.
- Ability to drive the trajectory of your own career, with **mentors, coaches & experts** to support and a **training budget** you can choose how to spend. Tell us what your career goals are, we can help put you on a path to achieve them.
- **Young Professionals Group (YPG)** supports and encourages your career development and success
- Designated **onboarding buddy**.
- Have your say in Engeny's future through dedicated working groups covering **mental health & wellbeing; diversity & inclusion; safety; social; environmental sustainability etc**
